BISHOP KEATOR DEAD IN EAST

Episcopal Church Notable Stricken on Visit

Was Head of Diocese at Olympia, Wash.

Interest in Religion Ended Career at Last

NEW HAVEN (Ct.) Jan. 31.—Right Rev. Frederic William Keator, of Tacoma, Wash., bishop of the Protestant Episcopal diocese of Olympia, Wash., died at a hospital here at 8:15 a.m. tonight from heart disease.

Bishop Keator came here a little over two weeks ago to visit his son at Yale University and was stricken shortly after his arrival. His condition improved until yesterday, when he suffered a sudden change for the worse.

Bishop Keator was born in Housatonic, Pa., October 22, 1855. In 1885 his family moved to Morris, Ill. He left there to enter Williston Seminary, East Hampton, Mass., in 1874. He entered Yale in 1878 and was graduated with high honors four years later. He then took up the study of law, receiving his L.L.B. in 1882.

His practice law in Chicago until 1885 when he entered the Western Theological Seminary of Chicago. There he became interested in church work and became a volunteer worker in the hospitals in company with S. C. Edsall, who later became bishop of North Dakota. He was graduated from the seminary in 1891, was ordained Episcopal minister and held rectories in Illinois and Iowa. In 1893

LINOTYPE SCHOOL WINTER CLASSES

Pupils may join our classes now. Thorough course as machine operator. For information call 35227. 413 Wilcox Building, Second and Spring streets.

he was elected bishop of the Missionary Jurisdiction of Olympia, Wash., the diocese of Olympia, including the western part of the State of Washington.

WAS HIGH MASON

In addition to his regular duties, Bishop Keator was associated in official capacities with various institutions of education, and at the time of his death was president of the board of trustees of the Anis Wright Seminary for Girls. He was a thirty-third degree Mason.

The duty which brought him East was in connection with the Shrine movement to establish hospitals in various parts of the country for crippled children.

Yale in 1882 conferred upon him the degree of doctor of divinity. He leaves a widow and one son, who is an assistant instructor in mechanical engineering at the Yale scientific school.

BRITISH NOT TO BUILD SINGAPORE DRY DOCK

(BY CABLE-EXCLUSIVE DISPATCH)

LONDON, Jan. 31.—It is understood that the British government has definitely decided to abandon its scheme for the construction of a \$45,000,000 dry dock at Singapore, despite the threats of Admiral Beatty and some other naval officers to resign. The government is considering an alternative proposal of towing out to Singapore one of the immense German dry docks surrendered after the armistice.

WILDCAT STAGE LINES ATTACKED

Arizona Commission Hears County's Complaints

Companies Seek Immunity From State's Rules

Declare Business Stands as Interstate Traffic

PHOENIX DISPATCH

PHOENIX, Jan. 31.—A definite attack, joined in by the county of Maricopa, is being organized on the wildest stage lines that have been hauling passengers between Los Angeles and El Paso. These lines have claimed immunity from any Arizona regulations on the basis of interstate traffic, and they are declared to have become little short of a pest in the Arizona counties they traverse.

The passengers, almost without exception, are Mexican laborers and their families. Stops appear to be made when fatigue overtakes or when trouble develops with the motive power of the trucks that are used.

BILLED THROUGH

Nearly all the traffic is billed through and the operators say they do no local business in California, Arizona, New Mexico or Texas.

On occasions when the trucks have broken down or sickness has appeared among the passengers the county authorities have been called upon for charity. In Pima county, after an accident on the road, a number of passengers were held in the County Hospital for weeks at large expense. The trucks are not bonded against any damage they may do to property or life.

DRIVER APPEALS

The situation again is being threshed out before the Corporation Commission, to which appeal has been made by J. Davis, driver of a stage truck owned by John Proper & Sons. He told that he had broken down near Phoenix four days ago with fifteen passengers, all Mexicans, bound from El Paso to Los Angeles. He said he had telephoned the company's Los Angeles office for funds for repairs and for care of the passengers and had been refused.

The passengers all were declared destitute. They have been provided with temporary lodgings by the Mexican Consul.

FOUND NOT GUILTY

Defendant Accused of Destroying Prune Trees

PORTERVILLE, Jan. 31.—O. A. Tackett was today found not guilty of a misdemeanor charge in connection with alleged wanton destruction of thirty-eight young prune trees on the Dr. D. A. Beattie ranch near here last June.

Considerable interest was attracted to this case. Tackett was suspected as he had been employed on the place and was dismissed for alleged ill-fitting. All evidence introduced was found to be circumstantial.

LINDSAY HEARS TALK ON COTTON OUTLOOK

(BY CABLE-EXCLUSIVE DISPATCH)

LINDSAY, Jan. 31.—W. B. Camp of the United States government experimental station at Shafter spoke on the possibilities of cotton growing in the Lindsay district today at the farm luncheon of the Chamber of Commerce. Ben M. Maddox of Visalia gave a talk on the proposed method of financing completion of the proposed survey of water resources of the State.

LAND GIVEN TO COLLEGE

(EXCLUSIVE DISPATCH)

CLARKSBURG (W. Va.) Jan. 31.—Land valued at \$15,000, comprising seventeen building lots in Clarksburg, has been donated to West Virginia Wesleyan College by John Christy of Clarksburg. President Cuthrell states that the purpose for which the lots will be used will be determined at the semiannual meeting of the board of trustees on February 7.

HARDING LODGE FORMED

WOODCLIFFE (N. B.) Jan. 31.

A lodge of the United States of America has been formed at Woodcliff, N. B., by the Grand Lodge of Missouri at Trenton for the formation of the Warren G. Harding Lodge. It will be the only lodge in the United States to bear this name.

HEIRESS DESIRES YANKEE HUSBAND

(P. A. Photo)

Mlle. Yvonne Jalla

(BY CABLE-EXCLUSIVE DISPATCH)

PARIS, Jan. 31.—Revering the usual procedure of American heiresses going to Europe in search of husbands, Mlle. Yvonne Jalla, French heiress, wants an American husband and doesn't care who knows it.

During the war Mlle. Jalla, who is young, rich and beautiful, was engaged to a young lieutenant from Montana. He was killed and now the girl is determined that his place in her heart shall be filled by none but a compatriot of her slain husband.

Shots of Manual at U.S.C. Posters
Shown at City

Morris Blair and his Manual Arts High School basketball team hold the spotlight in this afternoon's City League games. The Artisans have played one game thus far, a 11-to-11 victory over Jefferson, and nearly everyone now figures the Toilers a pretty good bet to repeat their championship win of last year. Lincoln, undefeated also, will offer the opposition and it is rather generally expected that the game will be something more than a mere courteous exchange of scoreless points.

The Toilers drew a bye the first round and this plus a close defeat at the hands of Franklin in a practice tilt rather detracted from the advertising power of Blair's charges. However, the Kildyer episode was nothing more than a work-out, as very few regulars appeared in the Manual line-up. When it is considered that Jefferson, until the defeat by the Artisans, had been given serious thought as 1924 champs it will be seen that the Toilers are right out in front.

In their contest with Jefferson the Manual players showed an exceptionally strong defense for a high-school outfit and it is expected that the Railspitters will have a hard time penetrating the opposition offered by Blair and Kildyer.

Hollywood, leading the league with two wins, is scheduled to entertain Franklin and the battle will be a farewell party for Jack Ketchum and Art Kewin, two of Bill Paige's best men who are to end their high-school careers with the game. The two graduates will be permitted to shoot all baskets today out of respect to their memory, and will probably do a good job of it.

Felix and Jefferson go into action on the Mechanics' court in a tilt which should be a good one to watch. The Democrats are a mighty respectable outfit, even if they have lost two games and Coach Voeys Brennan's boys will have their hands full.

Lightweights play preliminary games to the big matches.

Sports of 1924

BY FEG MURRAY

Mighty Ted

Perhaps the greatest runner who ever represented the United States in Olympic contests was Ted Meredith, who won the 800-meter race at Stockholm in 1912 when a 19-year-old high school boy. Fresh from setting new world's intercollegiate records in the quarter-mile and half-mile runs while competing for Mercersburg Academy, Ted qualified for the Olympic team. When the 800-meter race was held, this youngster defeated the greatest half-mile runners in the world, including Sheppard and Davenport of the United States and Braun of Germany, setting a new Olympic record of 1m. 59.9-10s. which still stands. The runners continued a few feet further on to the half-mile mark, where Ted was also timed in the new world's record of 1m. 52 3/4s. Ted also competed in the final of the 400-meter run, placing fourth, and ran on the United States team which broke the record with the 1800-meter relay.

On May 13, 1914, as captain of the University of Pennsylvania track team, Meredith broke his own record in the half mile, setting a new mark of 1m. 52 3/4s. Two weeks later, at the eastern intercollegiate meet in the Harvard stadium, he proved himself to be the greatest middle-distance runner of all time by winning both the quarter and the half-mile runs with only an hour's rest between them, and setting new records in both races. Ted's time of 47 3/4s. in the 440 yards is the world's record for that distance around one turn and his time of 1m. 52s. in the 880 set a new mark for the I.C.A.A.A.A. games.

In September, 1914, Ted went abroad with a team of five Americans who competed in Norway and Sweden and he also competed in France during the war. In 1920 Meredith made a popular "comeback" and qualified for the American team to the seventh Olympiad at Antwerp. He ran in the 400 meters, but was shut out in the final. Perhaps Ted will feel the old ambition again this summer.

[Copyright, 1924, Associated Editors.]

QUAKERS PLAY HOST TO CUBS

Locals Slight Favorites to Win Game

Pomona and Occidental Meet at Franklin

Engineers Play Host to Redlands Five

After tomorrow night's basketball game between the local University of California five and the Whittier College outfit, things will be in a much more settled condition in the Southern California Intercollegiate Conference. The Quakers and Poets meet at Franklin and when the fracas is over one of the two teams will be practically out of the 1924 race. Both teams have won three straight games. This is the big tilt of the season for both clubs, and needless to say, the clash will be an exceedingly hot one.

Early in the week it looked as if Whittier stood a chance of cleaning up on the local five, but since Wednesday night's game with Arizona, where the Poets dropped by a count of 45 to 13, stock in the Quaker outfit has suffered a sudden drop. It is a well-known fact that the Southern Branch team is a powerful scoring five, having run up something like 115 points in their three games. Whittier's strength seemed to lie in her strong defense. However, the Wildcats rather proved that a very strong defense, and that seems to be about the way things line up between the Quakers and Quakers.

Pomona and Occidental, who generally cast discretion to the winds when they meet, are scheduled to hook up at the Franklin gym. The Sageshens have shown much improvement of late and the doze points to a victory for Coach Carl Schott's men. Sid Nichols is taking his Tigers north immediately after the contest and this hardly in their favor, as the Bengals will probably be thinking more about their trip than the duty at hand.

Coach Cecil Cushman's Redlands quintet should bust into the win column at the expense of the Caltech team after two straight defeats. The Bulldogs have a great defensive outfit, but are not so strong as scorers. The Engineers were defeated by Redlands, hence indications are in favor of the Baptists.

Abadane Has More Sprint Than Rivals

SAN DIEGO, Jan. 31.—Abadane, Billy Star and John S. Reardon, all three well liked by the public, staged a thrilling race over the mile and one-sixteenth route at Tijuana, these fancy steps finishing in the order named. Billy Star and John S. Reardon set a terrific pace, with Abadane trailing, but the latter's clamor showed in the stretch and he won going away.

In the fourth race, Salton, installed favorite, never could get up and he finished unplaced. Hilary, in the sixth, was forced to extend himself to beat the outsider, Seth's Alibi.

Babe Ruth, a long shot, beat such good ones as Cavest Emptor and Dr. Corbett in the eighth. Results:

First race, five furlongs—Tanner, won; Louis Bell, second; Bertha, third. Time, 1:01. 1/2.

Second race, five furlongs—Duke, won; Harry Brown, second; Bertha, third. Time, 1:01. 1/2.

Third race, mile and one-sixteenth—Star, won; Billy Star, second; John S. Reardon, third. Time, 1:01. 1/2.

Fourth race, six and one-half furlongs—Salton, won; Louis Bell, second; Duke, third. Time, 1:01. 1/2.

Fifth race, six furlongs—Hilary, won; Seth's Alibi, second; Bertha, third. Time, 1:01. 1/2.

Sixth race, six furlongs—Bertha, won; Billy Star, second; John S. Reardon, third. Time, 1:01. 1/2.

Seventh race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Eighth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Ninth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Tenth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Eleventh race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Twelfth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Thirteenth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Fourteenth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Fifteenth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Sixteenth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Seventeenth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Eighteenth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Nineteenth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

Twentieth race, four and one-half furlongs—Babe Ruth, won; Cavest Emptor, second; Dr. Corbett, third. Time, 1:01. 1/2.

HOPPE DEFEATS JAKE SCHAEFER

INT. A. P. MUST WIN

CINCINNATI (O.) Jan. 31.—Willie Hoppe, world's champion billiardist, defeated Jake Schaefer, 400 to 253, in the opening block of their billiard match here this afternoon. Hoppe's high run was 90. Schaefer's best run was 80. They are playing for 1600 points in blocks of 400 points.

BIG NET TOURNAMENT SUNDAY

Snodgrass and Westbrook Will Play Singles and Doubles on Club Courts

Harvey Chodgrass and Walter Westbrook, the two best tennis players in Southern California, are to meet each other in a three-set exhibition match at the Los Angeles Tennis Club on Sunday afternoon and, following their singles, will pair up to face Godshall and Ferrandini, two-time winners of the Southern California doubles title and the present holders thereof.

In addition to making the above public Snodgrass announced that the Hotel Huntington will hold an invitation tournament for men next week to which sixteen players have been invited. The sixteen will take part in singles competition and will pair off for doubles.

It is understood that Bob Kinsey and Ray Casey, two of San Francisco's leading tennis lights, have accepted the invitation and they will furnish the sternest kind of opposition for the local talent. Chief local interest will be in the appearance of Snodgrass, Westbrook, Godshall and Ferrandini against the northerners. Last year a similar tournament at the Ambassador found Snodgrass bursting into world fame by cleaning up on Felix Griffin, Boy Kinsey and Bill Johnston in succession.

Kenny Mallen, the veteran Ottawa hockey player, has been appointed speed skating instructor on the Ottawa (Ont.) civic playgrounds.

GIRL LACROSSE TEAMS MIX

Greater Los Angeles Team Faces Greater Bay District Outfit at Exposition Park; Crowd Expected

The first game for championship honors in ladies' lacrosse will be put on at Exposition Park, Los Angeles, on Saturday, February 3, between the two leading teams in the Ladies' Lacrosse League of America, representing Greater Los Angeles and Greater Bay District. It will not only be the first time women lacrosse players have appeared in America, but the first game of lacrosse in California for many years.

Four teams of girls have been playing steadily for the past three months in practice and elimination games, and as both are evenly matched, there will be a close battle for the honors and the trophy. President J. Hooper, of the Canadian Tourist Society is the organizer and promoter of lacrosse in Southern California, as an all-year-round field sport, and will be present to start the game. All seats and parking for autos will be free to all.

The "Troqueus," or Greater Los Angeles team, have uniform colors of gold and brown with gold stripes, as distinguishing marks. The players and positions are as follows:

Margaret Russell, point; Lois Mearns, outside; Emma Winkler (captain), third; Mary...

Greater Bay District team, have as their colors, royal blue and lavender with cardinal belts. Team and positions:

Katherine Smith, inside; Alice Thomas, outside; Emma Winkler, point; Mary...

Source: Greater Los Angeles and Greater Bay District.

CARDS TRIM NEVADA

STANFORD UNIVERSITY, Jan. 31.—The University of Nevada basketball team tired from two games with California early this week, was defeated by Stanford, 28 to 13, in the pavilion here tonight. Stanford scored first when McIlwain shot two free throws on Harrison's personal foul. McIlwain added one on a technical and Frederick's for Nevada failed on his first chance at a score by missing two free throws after McIlwain had fouled him.

Twelve minutes after play had started, McIlwain rung the first field goal of the game. McIlwain repeated from the side lines, and Nevada made a clean shot from the foul line, bringing the score to 10 to 8.

Randall replaced Hobbs for the Sageshens and two minutes before the close of the period, he tallied Nevada's only score of the half. Both Stanford and Nevada missed many chances to score during the entire game. Nevada in 13 chances during the first half, counted only 1, while the Cards missed even oftener. Both teams shot with greater accuracy during the second half, but the Sageshens were plainly weakened by the California games.

McIlwain and Steele were high men for Stanford during this period, McIlwain counting four field goals and Steele three. After Stanford had climbed to a 14-point lead, Coach Kerr went in his entire second team. Substitutes went in for Nevada and during the last five minutes, little scoring was done. The teams will meet tomorrow night, and play a return engagement in the pavilion Saturday evening.

MERCHANTS AFTER PIRONE'S ALL-STARS

Floyd Carleton's Hollywood Merchants are anxious to play Joe Pirone's All-Star baseball team. In fact, the Movie City club is so desirous of arranging a game with the All-Stars that they will agree to play anywhere, any time for anything. Seems as if there ought to be some way of satisfying the desires of the Merchants, especially as Pirone has a mighty fine nine under his guiding hand.

There are five letters in Joe Pirone's name and he is a right hand ball player. Capt. Charles Lombardi, of the Los Angeles Merchants, is all capable of proving their worth. Pirone has proved in the past that he is a right hand ball player.

It is the University of Nevada's hope that they can find a way to satisfy the desires of the Merchants, especially as Pirone has a mighty fine nine under his guiding hand.

It is the University of Nevada's hope that they can find a way to satisfy the desires of the Merchants, especially as Pirone has a mighty fine nine under his guiding hand.

Cured Dropsy — Stomach Trouble

Mrs. E. A. Pomeroy, 429 E. 26th St., Los Angeles, Cal., writes: "I was sick with dropsy, my heart was so bad that I was unable to lie down. My liver was terribly enlarged. I was swollen to an unusual size and had been treated by three or four different doctors. Dr. Chamberlain's Dropsy Cure cured me and it will do the same for you. No other remedy." **Unequaled success with STOMACH, HEART, LIVER, KIDNEYS AND CHRONIC DISEASES. ALSO BILLETES, HIGH BLOOD PRESSURE AND IMPROVED BLOOD.** We have a treatment for each. You are invited to call. Write for free pamphlet. Superior Tonic Stated.

Dr. F. E. Chamberlain's Herbal Medical Institute
N.D.B.C., P.O. Box, 210 W. 10th St., Los Angeles, Cal.
By appointment—Physician, Surgeon, Pharmacist, Herbalist, Pathologist, Chiropractor. 27 Years in Los Angeles. Hours 9 to 5, Saturday 9 to 1.

January 2nd, 1924.

TO THE STOCKHOLDERS:

The annual meeting of the stockholders of the **H. G. CHAFFEE WAREHOUSE COMPANY** will be held at the office of the company, 912 East Third Street, Los Angeles, California, on Monday the 4th of February, 1924, at 2 o'clock P.M. for the purpose of electing directors and for the transaction of such other business as may be brought before said meeting.

H. G. CHAFFEE WAREHOUSE COMPANY.
H. G. Chaffee, President.
Ida E. Schmalz, Secretary.

Clearing the Atmosphere

"Odious"

"COMPARISONS ARE ODIUS", it is said. Nevertheless, comparisons sometimes shed much-needed light on perplexing subjects. For example:

The Los Angeles City Water Department, an unregulated, municipally owned and politically operated monopoly under the management of the Board of Public Service Commissioners, makes a charge of \$15.00 for installing a 3/4-inch service connection from water main to curb and placing a water meter in the parkway. The home owner has to install pipe from water meter to house at an additional cost of, probably, \$5.00—a total cost of \$20.00 for the connection.

By comparison, Los Angeles Gas and Electric Corporation, which is under corporate management and Railroad Commission control, installs the gas meter and service connection to the house free, within fifty feet of the property line.

On the basis of the 31,351 gas service connections made by Los Angeles Gas and Electric Corporation during 1923, the consumers would have had to pay \$627,020 for their connections if the Corporation followed the system used by the Board of Public Service Commissioners, which sum they did not have to pay to Los Angeles Gas and Electric Corporation.

This is the same Board of Public Service Commissioners which is demanding that the electric system be taken away from Los Angeles Gas and Electric Corporation and given to the Commissioners to operate.

SOUTHLAND TO TRY OUT REDWOODS

Large Number of Giant
Trees to be Set Out on
Arbor Day

The planting of a large number of giant redwood and sequoia trees in Southern California will be one of the principal features of the observance of Arbor Day on the 16th inst. Dr. George P. Clements, director of the agricultural department of the Los Angeles Chamber of Commerce, has assured clubs interested in planting that, with special care during two years, these great trees will grow as well in this district as anywhere else.

The Malibu Lake Club, at his suggestion, has arranged to plant a large grove of these trees in their preserve in the Calabasas Mountains as a monument to the organization of the club—a monument which may be expected to endure for at least 1000 years. Several clubs are arranging Arbor Day celebrations and will plant giant trees, as well as the deciduous, cork oaks, California bay, carob, and several types of eucalyptus. Dr. Clements states that many redwoods already are growing in various parts of Southern California, but that they are usually mistaken for conifers. He is preparing a short brochure on the planting of trees, the uses to which they may be put and a description of those particularly adaptable to this climate, which will be available to all interested parties. Dr. Clements will be guest of honor at the special Arbor Day celebration of the Malibu Lake Club, which will include tree planting and a barbecue.

SHOWMEN PLAN FROLIC

Trick Chimpanzee Honor Guest
At Association Ball

Mary, the trick chimpanzee of the Solig Zoo, has been invited to be a guest of honor at the Second Annual Entertainment and Ball to be staged by the Pacific Coast Showmen's Association at the Hotel Biltmore on the evening of Tuesday February 12.

The educated monkey is having a special suit made for the big affair and will occupy a box in the ballroom on the night of the showmen's festivities. Elaborate plans are now being made by J. S. Clark, president of the association, for the affair and Shell Barrett, chairman of the executive ball committee, is arranging a stellar program for the occasion.

MIDDLE WEST NEWS IN BRIEF

(EXCLUSIVE DISPATCH)

DENVER, Jan. 31.—Work on the test wells being put down for the Midwest Oil Company by W. F. Huppe in the Red Rock district, six miles southwest of Loveland, has been resumed after a delay of several days on account of losing the tools in one of the wells. Eight wells are to be sunk to a depth of 300 feet to determine the location of the deep well, soon to be spudded in.

Another crop may be added to the southeastern part of Colorado if experiments in cotton to be made this season prove profitable. Broom county farmers are going to put in fifty acres of cotton this season, according to reports. But this spring will see the first actual planting of cotton in the Arkansas Valley in this State.

LOUISVILLE, Jan. 31.—Buffalo, driven from Kentucky generations ago by relentless hunters, again will roam the hills of the Blue Grass State. A pair of shagbills from the Canadian Northwest will be brought to Louisville March 1 and placed on a special reservation, a twelve-acre tract on the Kentucky State Fair grounds. The animals have been donated by the Department of the Interior. The Canadian government to school children of Louisville, to be used as the nucleus of a zoo garden for the future.

Referring to the problem of the mountain as "the problem of Kentucky," J. H. Hutton, president of the Co-operative Club to lend themselves to the cause of the mountain, is investigating. Mrs. Bettie Lillard, 51 years of age, widow of Ephraim T. Lillard, one of Kentucky's most widely known politicians, died in Chicago. Interment will be at Frankfort.

ST. LOUIS, Jan. 31.—The public schools of St. Louis were closed yesterday in respect to Charles P. Mason, who died suddenly at his residence from heart attack. He was 66 years of age, and had been secretary of the Board of Education since 1903.

W. C. Hays, 73 years of age, was killed at Columbia of the sudden death of Judge George Wallace Trimble, 44 years of age, at Fort Ogden, Kan., where he had gone to spend the winter. For forty years Judge Trimble was trustee and treasurer of the Columbia College. Mrs. Rachael Hays Sullivan, 73 years of age, widow of J. S. Sullivan, pioneer manufacturer of Missouri, died at her home in Jefferson City after an illness of several weeks. Mrs. Sullivan was well known throughout the country. She was the daughter of Gen. Alexander Hays, who was killed during the Civil War. Interment will be at St. Louis.

KANSAS CITY, Jan. 31.—Mrs. Ford Hickey, 47, of the Catholic church, will leave February 4 for Santa Barbara. Mrs. Harriet C. Moore leaves this week for Los Angeles, and Mrs. Rose Turpin and niece, Miss Alice Quarrels, left yesterday for Southern California.

Acting on orders from J. C. Elliott, city manager, the Wichita police department last night launched a sweeping drive against the crime wave that has engulfed the city since the holidays. Since the first of the year several score hold-ups, robberies, shootings and assaults have been reported to the police. A half hundred arrests have been made, policemen not in uniform, a force of motorcycle policemen and men armed with riot guns have been ordered to patrol the city.

A gasoline tax to assist the city of Topeka in solving the problems of keeping up its pavement under the increasing load of the automobile traffic is being advocated by members of the City Commission. In case it is found that the city cannot levy such a tax, Topeka may be represented by a lobby in the State Legislature next winter favoring a State gasoline tax, in which the city would participate.

DES MOINES

DES MOINES, Jan. 31.—Following the snows and cold of a few days ago, the Des Moines Auto Club reports all roads in Iowa to be either icy or exceedingly rough. O. K. Palmer, chairman of the Auto Club, said that it was nearly impossible to get through on the roads and advised against auto travel unless necessary.

For the first time in many years, automobiles are crossing the Mississippi River on the ice. A regular track has been made from LeClaire, Iowa, to Port Byron, Ill., and travelers going from State to State in that section are saving a forty-mile trip in the government bridge at Davenport.

The price of gasoline has been hammered down to 14 1/2 cents in Davenport as the result of a local "gas war." The second 1-cent slash in price the last week was announced by the Community Service Station Company.

Mr. and Mrs. William Mitchell of Sioux City left Wednesday for New York, whence they will sail on the Manchuria February 7 on a trip through the Panama Canal and around to Los Angeles, where they will visit for the remainder of the winter.

Mrs. John Ashford and son Paul, of Sioux City, Mrs. J. M. O'Connell, of Ponca, Neb., and Dr. Nina Smith of Homer, Neb., have gone to Los Angeles, where they will spend the remaining months of the winter.

INDIANAPOLIS

INDIANAPOLIS, Jan. 31.—Mrs. Julia Alley and daughter, Miss Lella, and Mrs. Ethel left Wednesday for a three month's stay in California.

The late Nat U. Hill, president of the First National Bank of Bloomington, left an estate of \$300,000 and \$80,000 life insurance. Six weeks before his death he took out a \$100,000 life insurance policy of \$10,000, remarking at the time that if anything happened to him he would like to have sufficient funds to educate his four children at Indiana University.

An additional appropriation of \$100,000 will be required for the completion of the present program for the development of the new Indiana reformatory at Pendleton. Herbert Foltz, Indianapolis architect who developed plans for the institution, said in discussing the

ESTAB. 1904

Suits are as sought in the realm of sports as for street and wear! Indeed, Fashion leaves no doubt in the minds of her devotees the leanings of her vagrant fancy. Suits! Suits! For every position, the sportswoman seeks them.

Twill checks and stripes are exceedingly good. A navy blue, broadgrain ribbon bound, \$65. A fog gray plaid of Bendelagh is collared high, as is Fashion's desire, \$65. Others \$39.75 to \$45.

Yellow sweeps aside all other colors, and for the season reigns supreme! Sports hats have taken yellow as their own—there is a yellow milan hemp with white faille silk at \$10. There is a yellow bangkok (bangkok being extremely good) for \$7.50. Another yellow bangkok with blue and white ribbons for \$12.50. Do see the variety of the yellow mode. Second Floor.

Founding hoofs on bridle paths, lure of swift mounts—joy complete for the horsewoman if she's conscious of being perfectly habited. There are smart, sporty diagonal riding habits for \$39.75—a most satisfactory assortment of colors. There is a smart, sporty, excellently tailored, for \$45. And any number of others up to \$65. Second Floor.

An alpaca golf sweater, when woven of a rich dusky brown, broadly banded with tangerine and then slightly brushed—well, one could seek far and wide, and then find nothing to compare with its smartness and comfort. 10.75. A bold black-and-white affair is certain of winning many an admiring glance on the court or links. 12.50. A natural camel's-hair skirt at 14.75 adds delight to hours in the out o' doors. Second Floor.

CHILDREN DISAPPEAR DURING JOURNEY HERE

Deputy sheriffs yesterday began a search for Myrtle Ridenour, 16 years of age, and her brother Gilbert, 10, who disappeared on the way to Los Angeles from Denver. The two children had been staying with their aunt, Mrs. Bertha Malheur of Denver. They left that city on the 12th inst., last, with a family by the name of Nelson. On the 16th inst., the children wrote to their parents here from Las Vegas, N. M., but since then they have not been heard from.

MUSIC STUDIO BOUGHT

The Platt Music Company, 639-643 South Broadway, has bought the Forrest Studio, the shop at 614 Hollywood Boulevard. This makes the seventh neighborhood store owned and operated by the Platt Music Company for the convenience and benefit of its friends and patrons.

FINANCING OF
FOREIGN TRADEGlimpse Behind the Scenes
Revealed by BankerAlmost Impossible to Deal
on Cash BasisCommercial Credit Letters
Proper Vehicles

In view of the rapid development of Los Angeles as an international trading center has led to the establishment in our city of a number of overseas trading companies and that many old and well-established concerns have turned their attention to the great possibilities in export trade. Only very few have, in their eagerness to obtain foreign business, made reckless risks, disregarding caution and granted foreign credits indiscriminately. The great majority of these firms have conducted their foreign business under export letters of credit, which practice is considered the safest and the most commonly used in financing the world's foreign trade.

To finance foreign trade by means of "cash with order" is almost impossible since the same reasons that prevent the exporter from shipping his goods abroad on open account, prevent the buyer from sending the cash with the order. To draw funds against the shipment documents upon payment, is inconvenient for the buyer, who is forced to pay cash, and a risk for the exporter, who, while maintaining title to the goods, is liable to be out of his shipping and packing expenses, insurance fees and other incidentals, should the importer refuse to accept the order. Still greater is the risk if the exporter agrees to part with his goods against a sixty or ninety days' acceptance of the importer. Besides the risk involved, the exporter is carrying the burden of financing such transactions as the amount of the advance for foreign time drafts a bank will negotiate for its client is naturally limited.

The commercial letter of credit substitutes the bank's credit for that of the importer, does not limit the borrower's capacity to the exporter, who can negotiate his drafts in practically unlimited quantities and in general, causes the burden of financing an export transaction to be carried by the discount market. The importer also benefits considerably in obtaining

ing a letter of credit, because a letter of credit is no drain on his cash or even his credit accommodations for the reason that until title to the goods has actually been delivered by the bank to the importer, the transaction must be considered by the bank simply as a "fully secured collateral loan of credit." The risk element having been eliminated, he is also able to obtain a better price from the exporter.

LETTER OF CREDIT
A commercial letter of credit usually consists of a statement in writing by the issuing bank that it will accept or pay the drafts of the exporter provided they are drawn in accordance with certain terms laid down in the letter. These terms usually concern the amount of the credit, its duration, how many and what kind of documents, insurance, inspection and finally clearly designate who is to be the drawer, the drawee and in whom title to the goods is to be vested. It is highly important that the beneficiary of such a credit follow strictly its terms and directions as they are designated by the issuing bank with a view of protecting the interest of all concerned and to avoid complications.

Every sentence in a letter of credit is given earnest and intelligent consideration by the issuing bank, and every word has a meaning. The slightest departure from the bank's requirements may nullify the credit, and the exporter, "holding the bag," two well-known Los Angeles exporting firms recently recovered a large sum of money from a bank which had issued a letter of credit calling for bills of lading to be indorsed to the bank issuing the credit and that in case of shipment of practical packages must also be mailed to the bank.

It is evident that the issuing bank considered possession of the goods as its collateral. These most important instructions were disregarded and bills of lading were made out to order of importer and parcels mailed direct to him. In the former case, it was possible, after considerable difficulty, to cancel through arrangements with the shipping company the first set of bills of lading and have a new set issued before it was too late. The parcels, however, had left on the day of the first set of bills and the exporters may get their funds after six months, if ever.

It is possible that a letter of credit may not be plain enough to the credit or export manager of a concern, who may or may not be conversant with the intricacies of foreign trade finance. There is no excuse, however, for errors if one considers that in every way the exporters and importers of our city, regardless of their banking affiliations elsewhere, are entitled to the same enlightenment on its meaning, many complications would be avoided and quicker returns of funds secured, besides making a good name abroad for Los Angeles concerns for their prompt and accurate dealings.

In conclusion, it is considered worthwhile to emphasize the fact that a reputable concern has little difficulty in obtaining a letter of credit from its bank. If the importer's own bank refuses to grant him the accommodation desired, the exporter separated by the distance of thousands of miles and with less knowledge of the importer's financial affairs, should most certainly refuse to grant open credits. To act otherwise would mean ruin and failure as far as the export department is concerned.

PRODUCE MARKET

DAILY MARKET REPORT

Trading yesterday was moderate. Supplies of most commodities were ample. Markets were generally steady, with some fluctuations in prices of certain items. The following are the principal items and their prices:

Actual prices obtained yesterday by Los Angeles dealers from their sales to producers, retailers, and other buyers, as reported by the United States Bureau of Markets are:

Apples—4 to 5 cents per bushel; 5 to 6 cents per bushel; 6 to 7 cents per bushel; 7 to 8 cents per bushel; 8 to 9 cents per bushel; 9 to 10 cents per bushel; 10 to 11 cents per bushel; 11 to 12 cents per bushel; 12 to 13 cents per bushel; 13 to 14 cents per bushel; 14 to 15 cents per bushel; 15 to 16 cents per bushel; 16 to 17 cents per bushel; 17 to 18 cents per bushel; 18 to 19 cents per bushel; 19 to 20 cents per bushel; 20 to 21 cents per bushel; 21 to 22 cents per bushel; 22 to 23 cents per bushel; 23 to 24 cents per bushel; 24 to 25 cents per bushel; 25 to 26 cents per bushel; 26 to 27 cents per bushel; 27 to 28 cents per bushel; 28 to 29 cents per bushel; 29 to 30 cents per bushel; 30 to 31 cents per bushel; 31 to 32 cents per bushel; 32 to 33 cents per bushel; 33 to 34 cents per bushel; 34 to 35 cents per bushel; 35 to 36 cents per bushel; 36 to 37 cents per bushel; 37 to 38 cents per bushel; 38 to 39 cents per bushel; 39 to 40 cents per bushel; 40 to 41 cents per bushel; 41 to 42 cents per bushel; 42 to 43 cents per bushel; 43 to 44 cents per bushel; 44 to 45 cents per bushel; 45 to 46 cents per bushel; 46 to 47 cents per bushel; 47 to 48 cents per bushel; 48 to 49 cents per bushel; 49 to 50 cents per bushel; 50 to 51 cents per bushel; 51 to 52 cents per bushel; 52 to 53 cents per bushel; 53 to 54 cents per bushel; 54 to 55 cents per bushel; 55 to 56 cents per bushel; 56 to 57 cents per bushel; 57 to 58 cents per bushel; 58 to 59 cents per bushel; 59 to 60 cents per bushel; 60 to 61 cents per bushel; 61 to 62 cents per bushel; 62 to 63 cents per bushel; 63 to 64 cents per bushel; 64 to 65 cents per bushel; 65 to 66 cents per bushel; 66 to 67 cents per bushel; 67 to 68 cents per bushel; Where Vision Means Fortune
Right here and now, in the City of Los Angeles, exist the greatest opportunities of all time, for manufacturers to develop great industries, and for investors to share in the accruing profits.
Here in the Los Angeles district, because of the climate, factories can be built for 30% to 40% less than in the East, and maintained for about one-third the cost. Industrial workers, unhampered by severe weather and the resulting discomforts, have 20% to 30% greater working efficiency, at the same wage.
The back country of Los Angeles, the great Southwest, with a potential crop output of several hundred million dollars per annum, constitutes a vast market for manufactured products that is only in its early stage of development. The islands, the Orient, and the Americas offer immeasurable trade possibilities. An abundance of raw materials close at hand, cheap hydro-electric power and fuel oil, low freight rates by rail and by water, with the Panama gateway to the East, are other advantages which will enable Western manufacturers, when their volume of output permits, to compete with Eastern manufacturers in Eastern markets.
Many of the future great industries are now in process of development, right before us—already successful and profitable but still in their infancy. Investors who get into these enterprises today will share the benefits of their inevitable rapid growth. Details of several outstanding opportunities of this type which have been analyzed and approved by our own experts, will be gladly furnished upon request. Simply forward your name and address. No obligation.

LIMITING OUR
SKYSCRAPERSOffice Supply and Demand as
Trade BarometerSpain Total Loss; no Radio
in That CountryTwelve Million Garages are
Carless; Horrors

BY ARTHUR H. WITTON

(Continued from Page 15)

CHICAGO, Jan. 31.—The president of the National Association of Building Owners and Managers said, or was quoted in an interview, as saying, that the building of skyscrapers has been overdone. Making a general remark of any kind on an economic subject is extremely venturesome.

The reasoning to support that particular assertion is simple enough, however. Skyscrapers contain business offices, the demand for which is limited by the quantity of business. That means capacity to pay for the necessity of an office. Ten years ago there was vacant office space in most cities and rents were comparatively low.

More business, created the demand for more offices. While business came high, because business cost more.

At some point there is an adjustment between demand and supply and everything, price changes, and rentals included, comes to rest. That is the only method of finding out that there has been a change in the balance of the market and that it will fall, slowly and reluctantly, but it will fall.

The wages and costs of material, the exactions of unions and the amount of taxes all enter into this little adjustment. Turn an economist and a statistician and you can state the situation of the market and the situation of the market at the end of three months if they had not talked each other to death in the meantime.

WHAT NO RADIO?

A foreign representative of the Department of Commerce has reported that there are no broadcasting stations in Spain. There are very few radio sets in the land or brought in from the United States. The report goes on to explain why this is so and there is an indication that the situation is deplorable.

The representative made an investigation of the market and found only one dealer who carried radio receiving sets in stock and only one of these seemed to have any knowledge of the subject.

It is not conceivable to the American mind that the radio may not desire to have radio sets or broadcasting stations. They may exist in preference but light to the radio sets. The representative told us that the Department of Commerce thinks that the Department of Commerce should get the educational departments on the case.

CASE FOR MISSIONARIES

Mr. Wrigley sells gum in China. There are many Chinese. Natives used to look with longing eyes at the man who carried a tin of gum. There was an enormous supply of powder food. Mr. Wrigley had the gum and the natives thought of the gum as a treasure.

The natives were curious. They thought the gum was a treasure. They thought the gum was a treasure. They thought the gum was a treasure.

NEW RECORD EARNINGS

Los Angeles Investment Company Will Increase Rate of Dividends; Favorable Annual Report

Last year was the most prosperous in the history of the Los Angeles Investment Company. The annual report released yesterday showed net profits of \$2,444,725. While prices tended downward in 1923, due to overproduction, the report said the year 1923, "opens with a distinct change in general conditions."

"Production," it said, "has been sharply checked and consumption apparently will soon be greater than the supply so that it will be necessary to draw upon stocks. The peak of production may have been reached in 1923 and concern with regard to the condition of the market may be lessened."

Another Big Well
The Shell Company's Alamitos No. 11 well reported yesterday as a new producer, is flowing at the rate of 4500 barrels a day, according to official figures given out by the Shell Company today. The completion of the well and its production is a significant event for the company.

The well is located in the Signal Hill field, where the American Company's Anderson No. 2 was recently completed with a 5000-barrel flow.

The new well was drilled to a depth of 100 feet, or practically the same level as the Anderson. It is located just west of city-owned land and indicates, operators say, that the big production flow by the Anderson and the Ramsey Coffin well is not far enough to make the city property a valuable asset.

This territory was developed in the early days of the oil boom in the Signal Hill field but completions at shallower levels brought unprofitable drilling and drilling activities took a slump.

Near Completion
The Pan-American Petroleum Company's No. 1 well on the Waller lease in the Long Beach field is nearly completed, according to reports from the company. The well is standing in the field and is expected to be completed soon.

The well is located in the Long Beach field, where the company has been operating for some time. The completion of the well is a significant event for the company.

Collections of
License Taxes

Show Huge Gain

SACRAMENTO, Jan. 31.—Corporation license tax collections made by Secretary of State Frank Jordan in January were the largest in the history of the State.

During the month the collections totaled \$710,000, which exceeded the business in January, 1923, by \$200,000. The total license tax for 1924 is approximately \$1,250,000 and it will be delinquent February 4.

CARNegie HERO TO
GET \$1000 IN CASH

BY A. F. HUNT WIRE

SACRAMENTO, Jan. 31.—Town Marshal T. Miller of Butte City, who was awarded a Carnegie hero medal last week for bravery, has been notified that he will be further rewarded with payment of \$1000 from the hero fund.

The reason assigned for the additional reward was that his case was "one of exceptional heroism." The hero fund was the saving of Jackson James and the attempted saving of Miss Edith White, a Chico school-teacher, from drowning in the Sacramento River near Butte City, June 7, 1918.

A Public Utility Preferred

Stock Yielding 7.80%

We offer the 8% Cumulative Preferred stock of a prosperous electric light, power, gas and electric railway company, whose earnings the past five years have averaged more than five times the preferred dividend requirements and whose consolidated balance sheet shows net assets in excess of \$300 for each \$100 share of preferred stock outstanding.

The company has maintained an unblemished record of fourteen years in the payment of dividends on its preferred stock and ten years on its common stock.

At the present price of \$102.50 per share, yielding 7.80%, we consider this stock one of the most attractive investments available.

SIGNAL SYSTEM
PLAN APPROVEDFire and Police Project to
be Installed SoonExpenditure of \$1,000,000
is Called ForUnprotected Districts to be
Given Relief

Work on the new \$1,000,000 police signal and fire alarm system, which will include 1000 new fire horns, is expected to start about March 1 as the result of the approval by the Board of Fire Commissioners yesterday of specifications for the system presented by City Electrician Manahan and also approved by the National Board of Fire Underwriters.

The Board of Public Works informally approved the specifications, and as soon as the City Council has done so, the Board of Public Works will issue for bids on those parts of the system which will be built by private contractors under supervision of City Electrician Manahan. The city will do about one-half of the work.

MANY FEET OF CABLE

More than 400,000 feet of cable will be used in the new system, which will be linked in with the existing fire-alarm lines. The central station of the system will be at a proposed 16,000 building in Westlake Park, facing Sixth street, so as to be removed from fire hazards. Plans for this central receiving station have been prepared by City Construction Superintendent Brittain.

Specifications approved yesterday make possible competition among manufacturers of fire alarm and police-signal apparatus. Chief Electrician Manahan and fire commissioners said, for the contract to supply materials.

The system will be paid for from a fire bond issue of \$3,500,000 approved by voters more than a year ago. Of this amount, \$1,500,000 is being spent on new fire horns, and the balance called for the remaining \$1,000,000 to be spent for additions to and extensions of the police-signal and fire-alarm system.

DIVISION OF FUNDS

Of the \$1,000,000 available, \$190,000 will be spent on police-signal horns and lines and the remaining \$810,000 for the fire-alarm system.

Large sections of the city are not now protected from fire by reason of there being no fire-alarm horns in these districts, but the new system will give this protection, which has long been urged by the National Board of Fire Underwriters and property owners.

Registration
Days Set for
School Branch

More than 700 new students are expected to enroll at the University of California, Southern Branch, at the opening of the second semester of the school year on the 5th inst. This will bring the total enrollment to about 4000 students.

The new students will subject themselves to mental tests required for entrance on the 5th, and on the following day will register for work. The old students will register on the 11th. Instruction in all departments will begin on the 15th of a month.

Dr. Franklin Baker of Columbia University will join the English department at the University for the second semester, and Prof. Myrtle McClellan will go on a study leave of absence for a semester at the University of Chicago.

FIREBUG SUSPECTED
IN BLAZE AT HOME

Investigators of the fire prevention bureau were looking yesterday for an alleged firebug who, they said, is believed to have set fire to the home of F. A. Marcher, 1337 Fourth avenue, in several places. Police said there was a heap of papers in the basement with a hole cut in the floor above them, and other piles of paper in other rooms, and that kerosene had been sprinkled about. Neighbors saw the house on fire and gave the alarm. Damage was about \$500.

A Standard

A store with a standard—a business with a soul—Bullock's.

"The satisfaction of every customer." "Win confidence by meriting it."

Clean and attractive advertising. Clean and attractive store. Clean and attractive salespeople. Clean and attractive merchandise.

A business with ideals and a strong, steady, comprehensive effort to realize them.

All business is made better by their presence among us.

Their 100 National Cash Registers are of a very complete type—five of them our latest mechanical marvel known as "Class 2000."

BAKED

Really Baked Slowly Baked in dry-heat ovens

Whether you get beans out of your own oven or out of a can labeled "Heinz Baked Beans" they are both really oven-baked. Except that getting them out of the can, all ready to heat and serve, eliminates the kitchen drudgery. And to the delicious oven-baked flavor of the Beans is added Heinz famous Tomato Sauce.

Request Musical Programs

The dinner musicles at the Mary Louise, given by the Cottrell Sisters Trio, have become so popular and special requests so insistent that Wednesday evening has been set aside for special request programs.

Patrons of the Mary Louise who have any preference will be favored with such musical numbers if they will send them in to the management.

One's favorite melody added to the matchless cuisine of the Mary Louise presages a happy dinner hour for Wednesday evenings.

SOCIETY

BY CORA YOUNG

Mr. and Mrs. Charles L. Wallis announce the betrothal of their daughter, Miss Byrd Wallis, to Mr. George H. Martin. Their marriage will be celebrated quietly at the Wallis home on the 15th inst.

For Miss Cunningham
Mrs. William Henry Brophy gave a large tea yesterday afternoon at her home on Rosemont avenue to present to her friends her niece, Miss Isadore Cunningham. Miss Cunningham was radiant and lovely in her exquisite frock of dainty white chiffon over cloth of silver. The rooms of the Brophy home were elaborately adorned with pink and blue delphinium. Following her graduation from Eden Hall at Philadelphia, Miss Cunningham went abroad, where she spent the past year in travel and study, returning only recently with Mrs. Brophy, who went to Europe to accompany her niece home. Since the death of her mother, twelve years ago, Miss Cunningham has made her home with Mrs. Brophy, and is a delightful acquisition to the younger set here.

Entertains With Tea
Mrs. William Maurice Duncan will entertain with a large tea at her home in Windsor Square on the afternoon of the 15th inst. This delightfully arranged event is to honor Mrs. Duncan's sister, Mrs. William Milburn Greene, who is here with her little daughter, Diana Hope, from Montreal, Can. In the receiving line with Mrs. Duncan and the guest of honor will be their mother, Mrs. Ellen M. Whitcomb. The group of friends who will preside at the tea and coffee are: Mrs. J. H. Doran, Walter Henry Rothwell, Chester Wallace Brown, C. J. Heyler, Addison Jones, Harvey Deardorff, Milla Baker, R. H. Edwards, Irving Bancroft, Charles H. Thompson and William Kennedy.

Trouseau Tea
This afternoon at her home on Sunset Boulevard Miss Marjorie Pickell will receive forty of her close friends at a trousseau tea. Her sister, Mrs. Guy Bush, and Miss Pickell will be married next Thursday to Mr. Harland Smith of Hollywood.

At the Valley Hunt
Among those entertaining at luncheon and bridge at the Valley Hunt Club on Monday will be Mrs. Charles D. Seeburger of Oak Bluff, Mass., who is spending the winter at the Hotel Maryland.

Going Abroad
Mr. and Mrs. Henry J. Stevens, of Altadena, are leaving on the 3rd inst. for Chicago and New York. On the 15th inst., they will sail from New York on the S. S.

Duilliole for Italy, touching at Gibraltar and Algiers. They expect to tour Greece, Italy, Austria, Switzerland, France, the Pyrenees, and the British Isles.

The Stevens will visit Mr. Stevens' old home in Chateaugay, N. Y., before leaving for Europe. They will return to Pasadena in June, by the way of the Gulf of St. Lawrence, Quebec, Montreal, and over the Canadian Pacific to Vancouver, B. C.

Mr. and Mrs. Stevens have been the incentive for a number of smart bon voyage parties recently and also have entertained at their home informally. Last Wednesday evening they gave a small dinner party in honor of Mr. and Mrs. John Treanor, their other guests being Mr. and Mrs. B. Lippincott, Joseph Lippincott and Mr. and Mrs. Donald Albright.

Mr. and Mrs. Robert J. Morrill of Los Angeles gave a beautifully appointed dinner in honor of Mr. and Mrs. Stevens recently, as did Mr. and Mrs. John Osgood and Miss Roxana Stevens of Sierra Madre, Mr. and Mrs. R. C. Helmsch entertained for them also. On Wednesday evening L. W. Albright of Los Angeles gave a dinner party in their honor, and on Thursday evening, Mr. and Mrs. Donald Albright gave a beautiful bridge party at their home on Bridgman Road, for Mr. and Mrs. Stevens.

Married Last Night
Miss Maude May McClure, daughter of Mr. and Mrs. James T. McClure of Hutchinson, Kan., became the bride of Clifford A. McDougall last night at 8 o'clock, the ceremony taking place in the First Methodist Episcopal Church at Hollywood. Mr. McDougall and his bride are leaving today for a honeymoon trip and on their return will make their home in Hollywood where Mr. McDougall will continue his career in motion pictures.

Dancing Party
Members of the younger set are looking forward to the dance to be given this evening by members of the Auxiliary Branch of the Catholic Women's Club at their clubhouse, corner San Marino and Main Drives.

Decorations will be carried out with palms and varicolored lights, supper will be served, and dainty favors bestowed.

This event is the auxiliary's first dance of the new year and 300 invitations have been sent out for the evening.

The patronesses are Mrs. Dennis P. Kearney, Mrs. Charles Crowley, Mrs. William N. Brick, Mrs. E. A. Broderick, Miss Marcelle Barrett and Mrs. H. J. Boyle.

HEADS POLITICAL BUREAU
Miss Ida V. Wells will be in charge of the woman's bureau of the Johnson-President club of Southern California. It was announced yesterday. She has resigned her position as assistant state tax adviser and will take up her new work the first of next week. Miss Wells is a past president of the Professional Woman's Club of Los Angeles and has been a practicing attorney here since her graduation from the University of Southern California in 1918.

SHAWL DINNER FOR SOCIETY

Unique Event, With 200 Guests in Costumes of Old Spain, to be Given This Month

Society's latest is a \$250,000 shawl dinner! It will be given Tuesday evening, the 12th inst., at the Assistance League. Two hundred guests, the women wearing ancestral shawls and the men native Spanish costumes will attend. After dinner the shawls, many of them priceless in value, the mantillas and the robes of the famous Spanish families of Southern California will be exhibited. Only Spanish dishes will be served. Dancers and singers from Spain will furnish the entertainment.

Mrs. Hancock Banning, president of the Assistance League and a member of one of the old-time families, will be hostess. She will wear a \$5000 shawl which Dona Ygnacio Garcia used to wear at the fiestas on the Plaza.

Mrs. Hancock Banning, formerly Guadalupe Estudillo and a descendant also of the Rubidoux family, will be in charge of the exhibiting of the various shawls. She will bring four shawls valued at \$17,000.

R. D. MacLean (R. D. Shepherd), star of the California Mission Play, will be the guest of honor. Because Mr. MacLean has invested Fray Serra with the dominating yet kindly character which the leader undoubtedly possessed, descendants of the Spanish families have thus sought to compliment him.

SHAWLS FAMOUS
Mrs. Charles Cram of Piru will come in from her ranch. Camille to attend the dinner. Mrs. Cram was Lucrécia Del Valle and her ranch served as the setting for Helen Hunt Jackson's "Ramona."

Her shawl will be one of those she wore when she played Dona Teana in the Mission Play and which she inherited from her grandfather, Don Ygnacio Del Valle. She will also exhibit many other shawls, heirlooms in the Del Valle family.

Miss Ruth Pico, grand-daughter of Don Pico, will wear her \$1000 heirloom shawl.

Mrs. John T. Gaffey, who was Arcadia Bandini, a Los Angeles beauty, will come from San Pedro, wearing the shawl of her progenitor, Dona Yndora Bandini.

Mrs. Florence Dodson Schenck, a daughter of the old Valle family, will exhibit her valuable collection.

Countess Garraciolo will wear a shawl which has been in Count Garraciolo's family for five generations.

Descendants of the noted old Arguellos, Estudillo, Aguirre, Pico, Del Valle, Carrillo, Dominguez and other families will be present and will take part in a grand march which will be one of the features of the evening.

NOTABLES TO ATTEND
Among the society women who will attend the dinner are: Mrs. Hancock Banning, Mrs. R. D. Shepherd, Mrs. William N. Brick, Mrs. E. A. Broderick, Miss Marcelle Barrett and Mrs. H. J. Boyle.

Other guests include Mrs. Charles Cram, Mrs. Charles Crowley, Mrs. William N. Brick, Mrs. E. A. Broderick, Miss Marcelle Barrett and Mrs. H. J. Boyle.

The dinner will be given at the Assistance League, 12th St., at 8 o'clock.

Admission is free. Tickets are \$5.00. Reservations should be made at once.

For further information, apply to the Assistance League, 12th St., Los Angeles.

The shawls will be exhibited in the afternoon at the same place.

The dinner is a unique event and is sure to attract a large number of guests.

The shawls are of great historical value and are worth seeing.

The dinner is a most interesting and profitable event.

CHEESE SOUFFLE
For six portions melt in a small saucepan four and a half tablespoons of butter and beat into it with a wire eggbeater five tablespoons of stiffly beaten egg whites and gradually a scant cup of scalded milk and one-quarter of a teaspoon of salt; beat smooth and thick and smooth. Place over hot water, add half a cup of grated Edam cheese, cream and beat and cook for one minute. Remove from the fire and beat in the slightly beaten yolks of five eggs, one by one, until cool. Half an hour before serving beat the mixture well, carefully until the stiffly beaten whites of five eggs, pour into a buttered soufflé dish and bake in a moderate oven thirty minutes. Serve as soon as removed from the oven.

APPLE TART
Line a four-ounce pie-tin with a good rich pie pastry and fill with a mixture of apples, peeled and thinly sliced apples, working them toward the center.

APPLE AND CELERY CAKE
Mix two cups of peeled and sliced apples with one and a half cups of peeled and sliced celery, one cup of sliced pineapple, one cup of sliced banana, one cup of sliced orange, and one cup of sliced lemon. Mix all together and add one cup of sugar, one cup of flour, one cup of butter, and one cup of eggs. Bake in a moderate oven for thirty minutes.

SNOW FUDGING
Soak two tablespoons of gelatin in half a cup of cold water for twenty minutes. Soak two cups of water with one cup of sugar until clear. Remove from the fire, stir in the gelatin, and beat well. Add one cup of strained juice and grated rind of two lemons and let stand for two hours. Pour into a mold and chill in ice water. Serve with a cream custard sauce or whipped cream.

By Luke Hunt Peters, M.D.

CONFESSIONS OF A BABY

How I Am Laid

I am six months old now and I am beginning to get fairly good control of my wobbly head. All babies' heads are heavy and big in proportion to the rest of their bodies, and while I am an exceptional baby in many ways, so my loving friends and relatives tell me, I am no exception in this.

Because of the weight of our heads, and because we have so little muscular control up to six months, mammals and all those who lift us must bear that point in mind.

I will tell you how my mamma lifts me—and Daddy and Grandma and Aunt Sue, and anyone who is given that great responsibility of picking me up does the same. It gives me the utmost confidence; I know my precious head is safe, going to snap back and possibly hurt my precious neck.

Mamma raises my legs with her right hand, and she keeps it in mind.

Of her left hand under my back with her fingers extended under my head and neck. In this way, you see, my spine, neck and head all are supported, and there is no pressure upon my spine, my neck, my head or my arms. Mamma always remembers that my little bones are rather soft and pliable and she keeps it in mind.

I am able to support my own head and back very steadily. I am beginning to be able to do that now, my head and back. Mamma will lift me this way until I am seven or eight months old, at least. Then she will lift me by grasping me under the arms.

She will never lift me by suddenly grasping me by the wrists or hands, because it is too easy to dislocate my shoulder or elbow joints, or to cause a separation between the heads and shafts of my arm bones.

Now I will tell you how I am carried. Mamma carries me part of the time on her left arm and part of the time on her right. She does this because babies that are always carried in one position, or always sit or lie in one position, are apt to develop asymmetricality—and if there's anything I want to be, it's a regular baby.

Now I am going to stop talking and let Doctor answer some mamma questions. As you see, mamma dears. A ROCKUMS.

ANSWERS TO MOTHERS
Dear doctor: I have gained so much benefit from your articles in bringing up my little baby that she is a fine healthy child now, thanks to you. I am not the only one who has benefited. I have several friends here who join me in blessing you for your advice.

"When can I begin to give my baby cod liver oil and orange juice?"

Orange juice may be given in the second month, beginning five drops in water and increasing a few drops every other day until two tablespoons are taken by the fourth month. After baby is more than this can be given. After baby gets used to the orange juice you can begin the cod liver oil. Begin with two or three drops and increase to five or ten drops unless she has rickets, when she can take one teaspoonful.

Not all physicians give cod liver oil as a routine but one eminent pediatricist of New York tells me he is now giving small doses of cod liver oil to all of his babies just as regular as he gives them orange juice.

Cod liver oil can be looked upon as a food rather than as a medicine, and that is very high in the antirachitic.

Thank you for your nice letter.

Coming from the eastern coast, Miss Dorothy Crowley of Winthrop, Mass., with her mother, Mrs. M. W. Crowley, will spend a few weeks in sunny California. They are living at the Biltmore and have been greeted with numerous social courtesies by their many friends in Los Angeles.

Dickey, Mrs. Stuart Whitney French, Mrs. Burton Green, Mrs. Joseph Hizon, Mrs. Giles Hall, Mrs. Willis G. Hunt, Mrs. Will S. Hook, Mrs. Oscar Howard, Mrs. Chester T. Hoag, Mrs. Charles Jeffries, Mrs. Roy Jones, Mrs. Kirk Johnson, Mrs. Milbank Johnson, Mrs. Harry Lombard, Mrs. Tully Marshall, Mrs. Cosmo Morgan, Mrs. E. Avery McCarthy, Mrs. John C. McFarland, Mrs. Lee Allen Phillips, Mrs. William H. Russell, Mrs. Frederick H. Seares, Mrs. George Leslie Smith, Mrs. Christine Seylor, Mrs. Daniel J. Sulby, Mrs. Frederick Stevens, Mrs. James Reed, Mrs. Richard Waldron, Mrs. William Lee Woolcott, Mrs. Faye Warden, Mrs. Guerdon Wattles, Mrs. Harold B. Wren, Mrs. R. Frank Gross and Miss Ann Patton.

Whether the asserted act on the part of a husband of driving his wife by a cemetery late at night and telling her "we might as well die together there" can be constituted as grounds for a divorce is a question the Superior Court has been called upon to decide.

The issue arose in a complaint for divorce against Edward M. Morse, filed yesterday by Mrs. Nita M. Morse. Morse was alleged to have called for his wife at the home of friends one night, compelled her by threats to enter the machine, and then drove through dark and lonely streets until they reached the cemetery, where he was asserted to have addressed his wife as quoted above.

Mrs. Morse declared she became hysterical and suffered a nervous breakdown as a result of the asserted ride.

Whether an indictment will be returned today is not known. There at six months, but Mamma will lift me this way until I am seven or eight months old, at least. Then she will lift me by grasping me under the arms.

She will never lift me by suddenly grasping me by the wrists or hands, because it is too easy to dislocate my shoulder or elbow joints, or to cause a separation between the heads and shafts of my arm bones.

Now I will tell you how I am carried. Mamma carries me part of the time on her left arm and part of the time on her right. She does this because babies that are always carried in one position, or always sit or lie in one position, are apt to develop asymmetricality—and if there's anything I want to be, it's a regular baby.

Now I am going to stop talking and let Doctor answer some mamma questions. As you see, mamma dears. A ROCKUMS.

ANSWERS TO MOTHERS
Dear doctor: I have gained so much benefit from your articles in bringing up my little baby that she is a fine healthy child now, thanks to you. I am not the only one who has benefited. I have several friends here who join me in blessing you for your advice.

"When can I begin to give my baby cod liver oil and orange juice?"

Orange juice may be given in the second month, beginning five drops in water and increasing a few drops every other day until two tablespoons are taken by the fourth month. After baby is more than this can be given. After baby gets used to the orange juice you can begin the cod liver oil. Begin with two or three drops and increase to five or ten drops unless she has rickets, when she can take one teaspoonful.

Not all physicians give cod liver oil as a routine but one eminent pediatricist of New York tells me he is now giving small doses of cod liver oil to all of his babies just as regular as he gives them orange juice.

Cod liver oil can be looked upon as a food rather than as a medicine, and that is very high in the antirachitic.

Thank you for your nice letter.

Coming from the eastern coast, Miss Dorothy Crowley of Winthrop, Mass., with her mother, Mrs. M. W. Crowley, will spend a few weeks in sunny California. They are living at the Biltmore and have been greeted with numerous social courtesies by their many friends in Los Angeles.

Seventh and Grand

Items On This Page For Saturday — Not Today

Glove Silk Underwear in Large Sizes

FASHIONED of Robinson's specially made Glove Silk—these undergarments have the extra heaviness that larger women appreciate. Lustrous in texture—finely fitting, and strongly reinforced in the places of greatest wear—there are Vests and Bloomers in white and lingerie shades, peach, orchid and flesh. All extra sizes. Vests at \$3.95. Bloomers at \$4.95. FOURTH FLOOR

Correct Corseting

WOMEN who need firmer support than the average, will find Robinson's Corset section a profitable place of selection. The better-known makes of Corsets, models designed specifically for the larger woman will be fitted by expert Corsetiers. Name Corsets sized to begin at \$5.00. Stylish Stouts begin at \$7.50. FOURTH FLOOR

Dainty Blouses \$1.95

WHITE Dainty for these dainty blouses makes them so fresh, so appealingly crisp—that one pictures them under a bright colored sweater on many spring days. With either the Peter Pan or the V-neck collar, some edged with lace, or piped with gingham on cuffs and collar. All of them blouses one knows to be of the tailored and wanted styles. On Saturday they are priced at only \$1.95. THIRD FLOOR

MERCHANDISE will not be accepted for credit or exchange unless it be returned within five days from date of sale accompanied by sales check, and in the same condition as when purchased. J. W. ROBINSON & CO. Member of Retail Dry Goods Association.

Spring Modes for the Larger Woman

AT Robinson's on Saturday this outer attire is displayed in all its successful delineation of what Frocks, Coats and Suits for the larger woman should be. Selected for them because they create the impression of slenderness through their studied design that shuns the horizontal line.

Suits and Coats

SUITS are two-piece and three-piece in style. Beginning in price at \$47.50. Those tailored and for street wear are of charmeuse twill, in navy, rosewood, beige and gray, shades suitable for the spring. The three-piece costumes with cape or jacket completing the suit are of roshanara. Coats for sports wear are of soft camel's hair, tweed, and imported fabrics. The Capes and finer coats are of soft piled fabrics or charmeuse or twill. In many shades, including navy, gray, black, brown. All beginning in price at \$47.50. THIRD FLOOR

Linen Dresses For Girls

LINEN dresses whose smooth, crisp texture needs no trimming beyond the charming patterned drawn work, or embroidery which is in contrast to the colors. In coral, henna, copen, gray, brown, tangerine, yellow and green. With cuffs and collars of white or natural color linen or lace edged. In sizes from 8 to 16. Beginning in price at \$5.00. FOURTH FLOOR

Imported Steamer Rugs \$27.50

A LIMITED number of imported Steamer Rugs in attractively colored plaids are now offered at the unusual price of \$27.50.

Imported Blankets for Crib \$17.50

IMPORTED blankets for infants' cribs may be had in an exceptionally fine quality. And at a price that is far lower than is usual with such very warm and entirely pleasing little blankets. The size is 42x56, allowing ample width for tucking in. And the colors are blue for little girls; pink for little boys. Priced now at \$17.50 each. SECOND FLOOR

Slenderizing Frocks

DRESSES in which pleats and long lines and panels cleverly counteract width. A selection of dresses Robinson's has made on the basis of their success in disguising any tendency to the horizontal. Dresses of supple cantons, satin cantons, and flat crepes. Lighter foulards and crepe de chine continue the plan of making the straight line do all in its power. The evening dresses of a number of styles, some without sleeves, some with short sleeves. These are in such conservative shades as navy, black, gray, tan and brown. And in all sizes to 22. THIRD FLOOR

Girls' Sports Skirts \$10.50

ONE may wear colorful silks, or soft, imported wools in sports skirts, if one is a young girl of an age below 16. These skirts are fashioned especially to fit the slender, straight figure of today's schoolgirl. Some are striped and plaided in very good combinations, while some are plain colors, including gray, tan, blue, green and oyster white. Beginning in price at \$10.50. FOURTH FLOOR

Lamb's Wool Comforts \$15

FLUFFY and warm as pure lambs wool filling makes them, the Comforts are the kind one prefers to have in one's stores of winter bedding, ready for cold nights. When one sees their price to be only \$15 each, and their covering of an imported fabric in attractive shades of rose, blue, gold, tan and lavender, the desirability of purchasing one is evident. Priced at \$15. THIRD FLOOR

New—Embroidered Cotton Crepes

REPRODUCTIONS of designs from the Belgian Congo are embroidered on neutral-toned crepes in brilliant, harmonizing colors. In such shades as rose, gray or beige—this new fabric may be had at \$5.95 a yard. (Exclusive to Robinson's.) SECOND FLOOR

A Sports Brocade

THE Roshanara weave lends flexibility to this heavily brocaded fabric of wool overcoat with fiber in arabesque designs. The contrasting shades are attractive in such combinations as navy with beige, cocoa with beige, black with silver or brown with sand. At \$6.75 a yard. SECOND FLOOR

FEBRUARY FURNITURE

FURNITURE built for comfort; furniture upholstered in beautiful coverings; furniture that will illustrate the substantial worth of its owners.

Upholstered Chairs and Davenport

Winged Back Chairs, to be upholstered in one's choice of fabrics, are soundly constructed, and at this time priced at \$67.50. Winged Back Fireside Chairs, as comfortable in appearance as in fact, are overstuffed pieces of unusual value. Priced at \$49.75. Mohair Covered Davenports of excellent type that combine solid frame with a comfortable amount of upholstering are at a pricing that places them among the opportunities of the times. At \$193.75. SIXTH FLOOR

Draperies

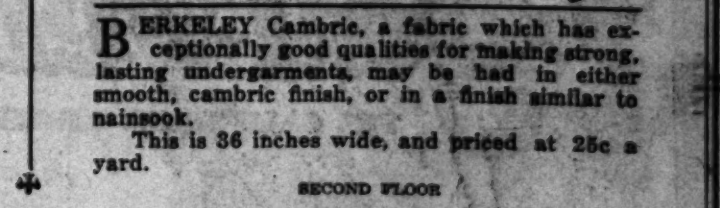

WARP Print Cretonnes are very colorful and charming in their wide selection of patterns. Some in the lighter shades are suited to bedrooms and breakfast rooms, and the dark tones agree with the dignity of living room and dining room. At \$1.95 a yard. Luster Lace Curtains that have only recently been obtainable at all are in softest tones called Printemps and Automne, and of a silk-like unusual texture. The curtains may be obtained by the pair, in sizes 40 in. by 2 1/2 yds. or 48 in. by 2 1/2 yds. At \$18.75 and \$29.75 a pair. Or the curtaining by the yard is in two widths, 40-in. or 48-in., and priced at \$3.75 and \$5.50 a yard. SIXTH FLOOR

Sheets and Pillow Cases at Low Prices

THE low initial cost and the long-wearing ability of these cotton Sheets and Pillow Cases are both strong arguments to the housewife's economically inclined mind. The Sheets are hemmed and of a fine quality of cotton. In the size for double beds, 81x90 inches, they are priced at \$1.65 each. Hemmed Cotton Pillow Cases of excellent quality, are in two sizes—42x36 inches, at 37 1/2c each. 48x36 inches, at 40c each. SECOND FLOOR

Berkeley Cambric 25c yd.

BERKELEY Cambric, a fabric which has exceptionally good qualities for making strong, lasting undergarments, may be had in either smooth, cambric finish, or in a finish similar to nainsook. This is 36 inches wide, and priced at 25c a yard. SECOND FLOOR

CITY HEAD APPOINTMENT

Assistant Municipal Engineer
Place Temporarily

RECLUSE DISPATCH
GLENDALE, Jan. 31.—The city council of Glendale, Assistant City Engineer, was this noon appointed to a 3-to-2 vote after a stormy session of the City Council. The appointment of the city engineer and his temporary pointment was opposed on the ground by two Councilmen. The fight over the Bill of the place made vacant by the resignation of Capt. W. H. Reeves weeks ago has been heated more than ever. The city council held nearly all of them days of the city.
